Purely Business!

The columns of a newspaper represent a cash value. No publisher can afford to give advertising "notices" free any more than a merchant can toss over his counter free gifts of dry goods or shoes. A newspaper is a legitimate business concern. Its columns are its stock in trade, and advertisements should be paid for, no matter in what part of the paper they appear.

Honest Merchandise Will Always Win.

Among our many faithful patrons the most faithful are those who, at some time or other, fall into the snare of dropping into one of the clothing houses that advertise to sell $15 Suits for $6 98. It is a noted fact with the Clothing trade, and we are proud to say it, that we are credited, and justly so, for carrying a stock of

Clothing, Gents' Furnishings and Men's Shoes

that is not equaled in the state. To wear a Hechinger Suit is a sure index that you are properly clad, and when you wear a pair of Smith & Stoughton Shoes you not only display elegance in your footwear, but you also enjoy the comfort that only high-class shoes afford. Withal, our prices are so moderate, considering qualities, that you owe it to yourself to investigate us when you want to buy.

Our Stock of Suits and Overcoats

is represented only by the best of manufacturers in the country, and that it pays us and you to deal in honest merchandise is evidenced by the fact that

We Do the Clothing Business of Maysville.

It goes without saying that our line of MEN'S FINE SHOES is the line. A glance into our Shoe Window is all that is needed to convince you we are right.

Colonel Joe Kindig's Bard Sings of His Beautiful Bucephalus and Racinante.

It will be gratifying to his legion of friends in this part of Kentucky to know that Colonel Joe Kindig has recovered from his recent accident, and that "Richard is himself again!"

He is now engaged in the seasonable business of buying mules, and on a recent trip to Missouri he laid in 97 specimens of these anti-posterity animals.

It will be gratifying also—at least from a literary standpoint—to learn that Col. Kindig has branched out as a rival of the world's greatest Bards, as witness his advertisement, copied from a recent issue of The Dedicatory Herald, a religious publication of his good city of York, Pa.:

WHEN YOU ARE IN NEED OF

Good Horses or Mules!

CALL ON OUR FRIEND

JOE KINDIG,

Rear City Hotel, - - - - - - - - - YORK, PA.

If you need a Horse, Pony or Mule,
Don't go to some beat like a fool;
But go to our old friend Joe,
Who will give you a Good Bargain I know

Be it a team of six, four or two,
He always has such that will just suit you;
Of such that will run, trot or pull,
He has his stable always pretty full.

Of being suited you need not despair,
Whether you need one or a pair;
The fears of not finding him you may dispel,
For you will find him right back of the City Hotel.

Judge Harbeson Supplies Tollgate Guards on Request of Col. Baldwin.

Colonel W. W. Baldwin yesterday appeared before Judge James P. Harbeson of the Mason Circuit Court and made application for guards to protect tollgates from raiders.

Judge Harbeson very promptly ordered the Sheriff to detail ten good men, to be placed at the gates on the roads represented by Colonel Baldwin.

It is hoped this action of the Court will stop proceedings on the part of lawless persons.

THOMAS PAYNE WOOD.

Another of Maysville's Bright Young Men Passes to the Great Beyond.

A more shocking intelligence has not been given than the message which announced the death of Mr. Thomas Payne Wood, fifth child and third son of Mr. and Mrs. J. James Wood

Three weeks ago he was stricken with typhoid fever, and since then has been resting easily and doing nicely, so his symptoms spoke, and thus all took courage, awaiting the inevitable crisis which time alone could bring.

Last night at 10 o'clock the subtle influences within, which war against physical forces and which had silently but surely been marching on toward triumph, proclaimed their victory, and the spirit of nobility, the intelligence of a superior mind, the sweet life and well-lived years of Thomas Payne Wood winged their flight to join his family in the realms of bliss, where—

"He rests in the light of God
As a babe on its mother's breast,
There the weary cease from troubling
And the faithful are at rest."

Born September 16th, 1875, he had just passed his 22d natal day.

Reared amid environments of culture, affluence and religious convictions he early took upon him the vows of the Church, of which he was a faithful member, the color of commercial position and the habit of manliness in every act and walk, so that though young in years his departure will cause heartburning and sorrow which cannot be filled very soon.

Last April he graduated from the Louisville College of Pharmacy with great distinction, being beside leading essayist and valedictorian a special Professor in Chemistry. These honors came as the fruit to the tree,—a natural result because of endowed and cultivated germs inherent within him.

The funeral arrangements have not been made.

GATES TORN DOWN.

The Turnpike Raiders Again at Their Work in Mason County.

Surely no agency has done more to secure to the people of Mason county the right to travel free than THE LEDGER.

It has been fighting the tollgate for more than twenty five years.

But it has waged a war of reasoning, and not of destruction; and it has no language sufficient to condemn those who unlawfully and wilfully destroy that which does not belong to them.

Gentlemen Raiders, you have no more right to tear down a tollgate than the tollgate owner has to tear down your fence, and the justice of one act is exactly on a plane with the other.

The destruction of the tollgate at Helena a few nights ago was an outrage, and so was the cutting down of the pole on the Fleminsburg pike near Lewisburg.

For the present the owners of this property are powerless; the authorities refuse them protection;—but a time may come when the taxpayers will have to make good these losses, for one of the hedrocks of our Constitution is that "private property cannot be taken for public use without just compensation."

If this shall fail under the eye of a single Raider, we sincerely hope, for the sake of good citizenship, for the sake of law and order, and for the sake of the county we all love, that he will himself desist and induce others to do likewise

The people have been patient under the burden of tollgates on every pike in the county for more than a generation

Is it possible that they can't be patient a little longer with the gates on only four of the pikes?

If they will, free travel will come to all of us, and will come in a lawful and consequently an honorable way—the way that every good citizen should want it to come.

Western Uncivilization Sets the Pace For the Civilized Easterners.

Rough foothall in the West is a thing of the past.

A few days ago at the Chicago Beach Hotel Faculty representatives of the seven leading Universities of the Middle West held a conference and decided that their teams would play the game in the present form no more.

The West will introduce a new game independently of the East.

Its experts will meet, make a new game, draft new rules and begin teaching a modified form of the game of football, which will be devoid of its brutal characteristics.

The mass play and fierce tackling will be eliminated.

The Faculties of the Universities of Michigan, Chicago, Wisconsin, Minnesota, Illinois, Northwestern and Purdue were represented at the conference

SENATOR THURSTON thinks some Ohio Democrat will be nominated for the Presidency in 1900. Well, what's the matter with Mister ALLEN O'LIARS?

CHAIRMAN DINGLEY will have no occasion to blush for his new Tariff Law when Congress meets. Neither will Congress nor the country.

SEVENTEEN horses were sold at Flemingsburg last Court Day for $17, not quite $1 50 a dozen—*Bulletin.*

That's just as clear as mud. Suppose you kill your proof-reader and try again.

ENCOURAGED by the great "reform" movement in Cincinnati, footpads throng the highways at night while thieves and pickpockets ply their trade everywhere and at all hours.

MR. BRYAN would do well to hasten to Mexico. There are whispered rumors from that country that its statesmen and financiers are seriously contemplating the adoption of the gold standard.

It's all a mistake. Democrats never want office. This is shown by the fact that there are only twenty men who want to be Doorkeeper of the House at the coming session of the Legislature.

THE Democratic talk of defeating MARK HANNA for the Senate, in a Republican Legislature, has mostly disappeared since the press of the country has been heard from on that proposition.

THE Portsmouth Blade hits the bull's-eye when it says The Cincinnati Enquirer is performing the eighth wonder of the world in defeating HANNA daily for the Senatorship. It was so in the habit of beating him before the election every day that it can't quit now.

WHILE exports continue to show increases over the greatest years ever known, imports continue to fall off. This should silence the calamity howlers. As long as other people continue to buy more from us than we buy from them, the cash balance is certain to be on our side.

A STATE official who claims to be in touch with affairs at Washington says the Kentucky Federal slate is broken and that JOHN W. LEWIS will be Pension Agent, JOHN H. WILSON District Attorney and General COLLIER or GEORGE D. TODD Surveyor of the Port of Louisville. It's all right as to the other places, but that Surveyorship ought to go to the man who sold his vote for it—even if he didn't deliver the goods as he promised.

THE action of Campbell county Jurors in letting off MRS. GLEASON'S assailants with twenty year sentences is causing agitation of the proposition to amend the law so as to make the penalty death, and not giving the option of long time imprisonment. Governor BRADLEY is being urged to make this recommendation in his message, and several members of the Legislature have announced that they will favor the change and will urge the Legislature to make it.

The reader of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly on the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address,

Everybody Says So.

Cascarets Candy Cathartic, the most wonderful medical discovery of the age, pleasant and refreshing to the taste, act gently and positively on kidneys, liver and bowels, cleansing the entire system, dispel colds, cure headache, fever, habitual constipation and billousness. Please buy and try a box of C. C. C. to-day; 10, 25, 50 cents. Sold and guaranteed to cure by all druggists.

HOW TO FIND OUT.

Fill a bottle or common glass with urine and let it stand twenty-four hours; a sediment or settling indicates an unhealthy condition of the kidneys. When urine stains linen it is evidence of kidney trouble. Too frequent desire to urinate or pain in the back, is also convincing proof that the kidneys and bladder are out of order.

WHAT TO DO.

There is comfort in the knowledge so often expressed, that Dr. Kilmer's Swamp-Root, the great kidney remedy, fulfills every wish in relieving pain in the back, kidneys, liver, bladder and every part of the urinary passages. It corrects inability to hold urine and scalding pain in passing it, or bad effects following use of liquor, wine or beer, and overcomes that unpleasant necessity of being compelled to get up many times during the night to urinate. The mild and the extraordinary effect of Swamp Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases. If you need a medicine you should have the best. Sold by druggists, price fifty cents and one dollar. You may have a sample bottle and pamphlet both sent free by mail. Mention THE LEDGER and send your address to Dr Kilmer & Co., Binghamton, N Y. Of Kentucky Distillers Meet to Consider a Scheme to Limit Production.

LOUISVILLE, Ky., Nov. 30.—There will be a meeting of the Kentucky distillers Tuesday. It is probable that the distillers will try to make some agreement to limit the production of whisky in the next five years. The agreement now in force ends on January 1, and the whisky men realize that something must be done to meet the issue. A plan to limit the production for the next three years to 15,000,000 gallons and then for two years to 20,000,000 gallons is being considered. Should this be done and the distillers live up to the agreement, the crisis would be met satisfactorily. It is doubtful, however, whether such a motion would pass.

Many of the Kentucky distilleries are owned by Cincinnati firms, and these firms charge that the present agreement has been flagrantly violated by certain Kentuckians owning distilleries. Some violations by distilleries about Bardstown are said to have been particularly open.

The Kentucky distillers have had a hard time during the past four years. The trouble with the jobbers has been a great burden. Internal dissensions are also rife among them. It is openly charged that many have not kept faith, but have burdened the market with overproduction. Owing to these facts it will be difficult to get all the distillers to sign an agreement Tuesday.

An agreement may be signed by some and an attempt made to force the rest into it, but it is scarcely possible that any plan will be decided upon unanimously.

MAKES AN ASSIGNMENT.

The Ashland Improvement Company Goes to the Wall—Liabilities $140,709.

ASHLAND, Ky., Nov. 30.—A general deed of assignment to Willis L. Ringo, for some years back its general manager, was made by the Ashland Improvement Co., Monday. The assets are $119,583 in lands and lots; $105,285 in stock, and $6,350 in notes and accounts, making a total of $231,118. The liabilities in notes and accounts are $140,702.

The old town site corporation known as the Kentucky Iron, Coal and Manufacturing Co., the stock of which is largely held by the Ashland Improvement Co. and the Ashland and Catlettsburg Street railway also thus held, will not be embraced in the failure. The loss falls almost all on outside parties, where $900 put into it over $2,000. The falling off in the sales of real estate was the cause. Ex-Gov. S. B. Buckner is president.

Policy Game Raided.

LEXINGTON, Ky., Nov. 30.—Officers McCarthy and Jenkins made a raid on Scott City's colored barber shop, in Water street, Monday afternoon, and found policy running in full blast in the rear room. Richard Coles, John and Frank Niles, the proprietors; City for permitting the game and Andy Kendrick, John Dangerfield and Lebo Carolina for playing it. All save Carolina are colored. The paraphernalia, including printed number slips and tickets, was taken as evidence. The place has been in operation for some time.

Leslie County Killing.

PINEVILLE, Ky., Nov. 30.—Information of a fight which occurred on Greasy creek, in Leslie county, near the Harlan county line, between Lew Maynard and Oliver Barker, has reached here. Maynard is said to have shot Barker twice in the breast and he died instantly. Maynard was not hurt. Maynard had not been arrested, nor had he left home it is said.

Burglars Fired at by a Priest.

FRANKFORT, Ky., Nov. 30.—Burglars entered St. Joseph's academy Sunday night. The alarm was sounded and badly frightened. Father Major, the resident priest, fired two shots at the fleeing marauders, but no one was hurt. It was discovered later that the Church of the Good Shepherd had been broken open, but nothing of value was taken.

Kentucky's Official Count.

FRANKFORT, Ky., Nov. 30.—The official count for Kentucky was made Monday. The totals for 1896 were: McKinley, 218,171; Bryan, 217,890; Palmer and Buckner, 5,414. The totals for this year are: Bailey, republican, 169,678; Shackelford, democrat, 187,482; Hindman, national democrat, 9,583; Parker, populist, 7,374; Wallace, prohibitionist, 1,783.

Trotting Officers Elected.

LEXINGTON, Ky., Nov. 30.—The board of managers of the Kentucky Trotting Horse Breeders' association met Monday morning and re-elected for the year 1898 all of the old officers, as follows: President, Maj. Controller of the Currency Declares Dividends in Favor of Creditors of Insolvent Banks—Government Will Not Interfere With the Levees at Algiers.

WASHINGTON, Nov. 30.—The controller of the currency has declared dividends in favor of the creditors of insolvent National banks as follows:

First dividend, 30 per cent. to creditors of the First National Bank of Benton Harbor, Mich.; a second dividend, 15 per cent., to creditors of the First National Bank of Cheney, Wash.; a fourth dividend, 10 per cent., to creditors of the Farmers' National Bank of Portsmouth, O.; and a fourth dividend, 10 per cent., to creditors of the Columbia National Bank of Minneapolis, Minn.

Baron Von Holleben, the recently appointed German ambassador, presented his credentials to President McKinley Monday, qualifying as the diplomatic representative of Germany at Washington. The ambassador wore the uniform of his rank and his decorations. He was accompanied to the white house by Secretary Sherman and the reception was held in the blue parlor.

The United States supreme court Monday affirmed the decision of the Georgia supreme court in the case of Mrs. Noble, convicted of the murder of her husband. She claimed due process of the law had been denied her. The result of the decision is that the sentence imposed by the court can now be executed.

The national government will not interfere with the state authorities of Louisiana in their treatment of the levees threatened at Algiers, opposite New Orleans. Capt. Derby, the engineer officer in charge of the river and harbor works in that locality, Monday telegraphed Gen. Wilson, chief of engineers, that the state levee board of Louisiana had taken the matter under its charge.

Senor Dupuy de Lome, the Spanish minister, had an interview with Assistant Secretary Day Monday. It is the plan of Capt. Gen. Blanco to take steps for the immediate execution of the reform schemes of the Madrid government, and to do so a legally provisional government will be made. The captain general will directly appoint a full acting cabinet, composed of a secretary of the interior and justice, who will be the premier, a secretary of finance, a secretary of public instruction, a secretary of public works, and finally a secretary of agriculture, industry and commerce. With this cabinet the captain general will have at hand the means for a fully equipped executive government, which will last only until the elections shall have resulted in the choice of a new government. These elections are delayed, it is said, only by reason of the lack of an accurate census of the population of Cuba, which is essential in order to apportion the representation in the legislature.

The United States supreme court Monday affirmed the decision of the Kentucky court of appeals in the case of A. J. Douglas vs. the State of Kentucky, growing out of the writ in behalf of a lottery case, and is decided adversely to the company. Justice Harlan rendered the decision.

WASHINGTON, Nov. 30.—Work on the appropriation bills for the coming session of congress was formally started Monday when a sub-committee of the house appropriations committee began consideration of the legislative, executive and judicial appropriation bill. Representatives Bingham, Hemenway, Moody and Johnson attended the meeting. It was decided to hear the heads of the several departments on the items in the bill.

Senator Lodge, a member of the committee on foreign relations in the senate, was at the state department Monday. He would say nothing about the Cuban situation except that the present administration has accomplished a great deal. He said the first business of the senate would be to confirm the annexation of Hawaii which would be done by ratifying the treaty or by legislation.

The forthcoming November statements of the government receipts and expenditures will show that the receipts during November so far have reached $23,950,890, which indicates a total of about $25,000,000 for the month. This is a trifling improvement over October, when the receipts were $24,391,415. The deficit thus far during November stands at $8,579,109, which is larger than was expected.

The deficit for the fiscal year stands at $46,581,190, the receipts for the year having been the same as the expenditures $174,283,280. The receipts from customs so far this fiscal year undoubtedly will fall considerably short of the estimates made by the managers of the new tariff bill during the pendancy in congress. At that time it was estimated that customs would yield about $180,000,000 during the first year. The indications now are said to be that the receipts from this source will not aggregate more than $165,000,000.

WASHINGTON, Nov. 30.—Senator Cullum, of Illinois, the chairman of the committee on interstate commerce who has reached here, said in an interview Monday that the anti-scalpers bill and the pooling bill will be brought before the senate as soon as possible during the coming session. Regarding his attitude towards attempted financial and currency legislation the senator said:

"I am in favor of first ascertaining whether we can muster enough votes to pass such a bill. If we can not, I am in favor of keeping our mouths closed. There is no use blocking public business as for weeks with a fruitless effort."

EAST AND WEST

Will the Findlay, Ft. Wayne and Western Road Be Extended.

One of the Most Important Trunk Lines in the Country to Be Formed.

Survey of a New Line From Ft. Wayne to Kankakee Made—From Findlay Eastward a Survey Made to Lester Junction, Connecting With Cleveland.

FINDLAY, O., Nov. 30.—A meeting was held Monday afternoon in the director's room of the Findlay, Ft. Wayne & Western railroad, for the purpose of ratifying the plans already determined upon for extending that road both east and west, and forming one of the most important trunk lines in the country.

A special train with two private cars of the Illinois Central railroad arrived at 11:15 o'clock Monday morning. The train bore a party composed of John Jacob Astor, president of the road; Henry H. Ely, of New York, treasurer; W. T. Balney, of Cleveland, a director; J. T. Hanrahan, vice president of the Illinois Central; G. Chapman, a director; T. J. Hudson, traffic manager, and David Sloan, chief engineer of the same road. The party made its annual inspection of the track and other property of the company, which was found in first-class condition.

At the directors' meeting definite plans were made for the extension of the road eastward and westward.

When this is accomplished the Findlay, Ft. Wayne and Western will become a great trunk railroad over whose tracks will pass a large portion of the products of the great west on their way to the seaboard.

It is believed that the road will become the eastern outlet for the Illinois Central railroad. A survey has been made of a line from Fort Wayne to Kankakee, Ill., where the road makes its connection with the Illinois Central.

From Findlay eastward a survey has been made to Lester Junction, O., where connection will be made for Cleveland over Cleveland, Lorain and Wheeling, and also for eastern trunk lines

From one terminous to the other the line will be almost straight and the grade will be confined to 15 feet to the mile. It developed here Monday night that work has also been commenced on the survey for a line from Lester Junction to Newcastle, Pa

Mr. Astor, president and chief stockholder of the tangent line, is a heavy stockholder and director of the Illinois Central railroad. This road will prove of incalculable value to the Illinois Central which at present has to deliver all its business to other lines at Chicago

Mr. Astor and his party left Monday evening in their private cars for Fort Wayne and from there will proceed to Kankakee, Ill., getting as close to the surveyed line as possible.

DREADFUL STORM

On the English Coast—Many Corpses Cast Upon the Shore.

LONDON, Nov. 30.—The gale which swept the English coast Sunday, doing much damage at Holy and other places, raged all night long and had not abated in fury Monday morning, when it mounted almost to a cyclone in many places and was accompanied by snow and hail. A long list of fatalities, wrecks and damage to property has already been received. All the coast towns have suffered and scores of bodies have been washed ashore. Falling walls and flying debris have added to the loss of life. Vessels are reported on shore on every part of the coast, and many ships are known to have foundered with the probable loss of all hands. There is much wreckage about the Goodwin Sands. At Lowestoft, Yarmouth and elsewhere the sea has flooded the quays and neighborhood, washing away the esplanades and doing other serious damage. The sea wall at Scarborough has been washed away and the passenger and mail services across the channel have been mostly suspended.

Scarcely a town on the coast has escaped without more or less injury, falling walls and flying debris adding to the loss of life.

There have been rocket and life-boat rescues almost without number.

Stories of shipwrecks reach from all points. On the Norfolk coast, between Racton and Happlsburg, five vessels, as yet unidentified, went down and the crews of all perished.

A number of bodies have been washed ashore near Yarmouth.

The brig Rugby was wrecked off Hemsby The coast guard service made desperate efforts to save the crew and succeeded in getting a line on board. A diving woman was "rocketed" to the safety and then the brig capsized, all the rest of the ship's company perishing.

A large steam collier dashed upon Flumborough Head, the famous promontory on the North sea coast, floated off and then foundered with all on board. A steamer not yet identified was wrecked on Brillington Sands with her entire company.

At Liverpool the squalls blew off the roofs of many houses, threw down chimneys and tore up trees. The Mersey flooded its banks on the Chester side and deluged the shore district for miles. Similar disasters occurred at Holy Head, where a number of valuable yachts were sunk at their moorings. Scarcely a vestige remains in sight of the wreck of Lord Nelson's old flag ship, the Foudroyant, long fast in the sands off Black Pool. There is a great deal of wreckage near the Goodwin sands.

The scenes at such popular resorts as Yarmouth and Margate were of great grandeur, but the damage done was enormous Tremendous seas still invade the gardens, hotels and residences, wrecking the parades and buildings, while much debris is floating about.

Immense damage has been done to the government property at the Sheerness dock yards and the Woolwich arsenal. Seven thousand troops were hurriedly ordered out Monday to remove thousands of pounds worth of ammunition and stores from the wharves and sheds to places of safety

Vessel and Dock Burned.

ESCANABA, Mich., Nov 30.—Fire which started in the steamer Nahant, loading ore at No. 4 dock, got such a firm headway that it communicated to the dock. At this writing it is certain that both boat and dock will be utterly destroyed, and the department was helpless. It is reported us almost certain that if the crew of the Nahant remained on the boat they had no chance of escape, and have been cremated. Their names are not known. The total loss will be $300,000.

MURDER TRIAL

Of Martin Thorn, New York, Almost at an End.

The Prisoner Testifies In His Own Behalf, Accusing Mrs. Augusta Nack.

Testimony All in and it is Thought the Case May Go to the Jury Tuesday Afternoon—Differences of Opinion as to the Final Result Expressed.

NEW YORK, Nov. 30.—The trial of Martin Thorn for the murder of Guldensuppe was closed Monday night so far as the taking of evidence was concerned. Tuesday morning the lawyers for the defendant and the people will sum up and it is expected that Justice Maddox will charge the jury early Tuesday afternoon. Mr. Howe will begin his final appeal In Thorn's behalf at half-past nine, and he expects to conclude before noon.

District Attorney Youngs will then have his say for the prosecution and he expects to finish within two hours. It is not expected that the charge of Justice Maddox will be very lengthy, so that by 3 o'clock in the afternoon the case may be with the jury.

Opinions both lay and legal differ very materially as to the probable result. Many look for a conviction, but a greater number anticipate a disagreement. A few of Thorn's former employers were called by the defense Monday, and they all gave the accused barber an excellent character dating back some ten years. Thorn himself was the only other witness called for the defense. From the moment he was led to the witness chair until he left it some hours later the prisoner conducted himself in a cool and impressive manner. His statements in reply to general questions and his answers in the direct and cross-examinations were delivered in a moderate tone of voice which could be heard distinctly by all in the court house. At times his voice would drop so that he could not be heard a few feet away, but Mr. Howe reminded the witness at those times that he should speak louder and those admonitions were heard the desired effect. Thorn, in his story of the murder, deliberately accused Mrs Nack of having shot Guldensuppe.

Y., Nov. 30.—The United States training ship Yantic arrived in the Iroquis canal about twenty miles below here Monday afternoon The combined power of seven tugs was required to bring her up through the swift water around Farran's Point. The second attempt to raise the steamer Sherley, which has been on the bottom of the river at Walker's Landing, below Portsmouth, for two weeks, proved futile and it is likely that she will be wrecked where she lies. The Hercules Carrel, with the five pumpboats she took up, returned and no futher efforts will be made now to float the boat. General regret is felt at the result of the second effort to raise the boat as she was one of the best boats on the river.

Since Saturday there has been some good rises in the Upper Ohio. They have been sufficient to let out all the large tows and many fleets of produce boats for the South. Every indication points to a good run of coal. At Pittsburgh the Ohio reached a stage of 12 feet and fell to 10 feet. Monday morning the marks showed 10.3 and rising, with 11.3 at the Dam. There was a rise of 7 feet at Wheeling, the marks showing 14 feet. The former rise is between Pt. Pleasant and Portsmouth and this will be followed by the Pittsburgh rise now passing Wheeling. There is 9.5 at Portsmouth.

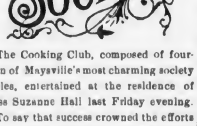
THE COOKING CLUB

A Charming Entertainment at the Hospitable Home of Miss Suzanne Hall.

CHOICE MENU—HAPPY GUESTS.



The Cooking Club, composed of fourteen of Maysville's most charming society belles, entertained at the residence of Miss Suzanne Hall last Friday evening.

To say that success crowned the efforts of the young ladies would be expressing it mildly.

Miss Hall proved an ideal hostess.

The tables were beautifully decorated with chrysanthemums, palms and ferns.

The dinner was served in courses consisting of—

Raw Oysters. Consomme, Pisin.
Quail on Toast
Chicken Salad Croquettes.
Saratoga Potatoes. Beaten Biscuits
Dressed Eggs.
Frozen Pudding. Souvenir Cake.
Blanched Almonds. Edam Cheese.
Wafers. Coffee.

The tables were attended by Misses Florence Rogers, Marie Hunter, Willis Watson and Georgia Dobyns, who served the guests in a most pleasing and graceful manner.

The Cooking Club certainly deserves great credit for their display of knowledge of the culinary art, in which they have all shown their efficiency. Such progress in so short a space of time has seldom been equaled. This is an organization which the young gentlemen of Maysville should hope will be a lasting one, as the young ladies now fully realize that "civilized man cannot do without cooks."

Harpists from Cincinnati furnished music, which not only floated through the halls while the dinner was in progress, but quickened the dancers' steps until the "wee sma' hours of morning." The verdict of those present was that never before had a more enjoyable evening been spent.

Those present were Misses Baughman of Danville, Stevens of Chicago, Grundy of Lebanon, Power of Flemingsburg, Robinson of Winchester, Suzanne Hall, Berta Robinson, Rosa Watson, Mae Burgess, Gary and Christine Milam, Lida Rogers, Maggie Duke Watson, Hattie Dobyns, Edith Berry, Florence Darnall, Ada Calhoun, Lucile Pearce, Florence Wadsworth, Elizabeth Best, Haddie January and Mrs. Dr. Matthews; Messrs. Dorsey Ray and Ben Frank of Paris, Jim Brann, Will Bullock, Tom Hall, Joe Power and Allen Dodson of Cincinnati; Charles Fleming of Kansas City, Carrol Power, John Hutchinson and Carrol Marshall of Lexington; Joe Evans, Hall Strode, Tom Darnall, Jim Hall, Frank Wormald, Pearce Browning, Andrew January, Stanley Watson, Lewis Boyd, Curtis Williamson, Ad Wadsworth, Horace Cochran and Dr. Matthews.

LEDGER'S LOTTERY!

Here's a Chance to Get Lots of Something For Little of Nothing!

COME WITH MISSING LETTERS.

Certain enterprising publishers of a very certain class, and a certain class of other fraudulent concerns throughout the country, are now vigorously at work swindling the poor fools who bite at their seductive bait.

Their scheme is known as the "Missing Letter Puzzle," and upon sending 25 cents to the advertisers they will allow every sucker to supply the omitted letters, thus forming the complete word.

Here are two examples taken from a "Klondike Promoting Company" advertisement, which appears in many of the big city papers:

—O—D Something one may get in Alaska.
A — — — A The name of a place where gold has been found.

For correct solutions to these and a few other brain rackers of like simplicity, the poor fool who sends 25 cents for the privilege of being classed as a member of the great American Sucker Family, is promised from $5,000 to $10,000 in gold!

True, there may be some difficulty in supplying the missing letters to the first word; for they might be "G" and "L," making it "Gold;" or equally true, they might be "C" and "L," making it "Cold;" but, if THE LEDGER should enter the contest, it would suggest "S" and "L"—"Sold"—which one may get just now more plentifully than either "Gold" or "Cold" in Alaska.

Ordinarily, however, these "missing letter" swindles are so transparent that any one with enough mind to keep out of the Asylum for Imbeciles can fulfill the conditions in his stocking feet.

But as Progress is stamped upon every material thing in this age and country, THE LEDGER moves up to the head of the procession with a "scheme" that is far ahead of all others—a real genuine all-wool and a-yard wide leadpipe cinch on health, wealth and happiness—now and forever, one and inseparable!

Note the scheme.

And note the prizes:

S O—P What a tramp likes.

It's "Soup," you sucker; for tramps never use Soap.

Here's another chance for your white alley:

M— — —Y Every young lady's desire.

Whatisit? Why, it's "Marry," of course, for you never in your life saw a young lady who cared for Money.

Now, having presented the "scheme," Here are the prizes:

The first person sending a correct answer to either of the above remarkable puzzles will be furnished THE LEDGER from now until January 1st, 1900, for $5 25.

The second correct answer will entitle the answerer to THE LEDGER, either delivered by carrier or sent through the Postoffice, postage prepaid, just as long as it is paid for at 25 cents a month.

The only condition attached to the latter proposition is that Uncle Sam doesn't declare our schema a violation of the Anti Lottery Act.

Now's the time to subscribe, to wallow in wealth and have something good to read during the long winter evenings.

Mahara's Minstrels.

This well known attraction, composed of thirty-five people, is billed to appear at the Opera house this evening. Mahara's Minstrels are without doubt the largest colored organization in existence today. Among the prominent features we make special mention of Billy Young, the famous comedian and sweet singer; Leroy Bland, the phenomenal male soprano and skirt dancer; Rube Brown, buck and wing dancer, and Master Hillard Brewer, the wonderful boy contortionist. The singing features are said to be extra fine this season. Our neighboring exchanges speak very highly of the company and we have no hesitancy in advising all amusement lovers to attend.
